Dear Mr Byrne

MULTICAR RAMP SYSTEM

Following our discussions last year and your several visits to our premises to discuss our application in detail, we would like to take this opportunity to thank you for the care and attention you have given to our requirements.

Our trade is office equipment and some of the larger photocopiers have required several men to lift them on and off our vehicles.

With the fitting of the Multicar Ramp System, we find we are now able to achieve this with just one person. The use of the word 'person' is deliberate as one of our ladies can now manoeuvre machines on and off the vehicle single handed, if necessary!

Having now had several weeks experience of this product I can confirm that it does everything you claimed and can unreservedly recommend your organisation and its excellent product.

Yours sincerely
THE CENTRAL BUSINESS GROUP
