Dear Sirs.

Just to let you know I have today passed on your address to a customer of ours, like ourselves he was most impressed by your product which has saved many a bad back through your product being very versatile.

We have taken our van to many shows up and down the country, Re the Verve at wigan, Wembly arena, B.Ham, Manchester, plus other gigs, this entails loading and unloading flight cases plus various other forms of large items, hence we have found your product invaluable, I would have no hesitation in recommending your product to others.

Yours Gratefully.

Ivan.J.Evans.
